Startups in these fields could have very little competition at the moment and will be needed for the future of many industries. I'll mention ideas like space hotels, asteroid mining, meat growing ...

What's the Future of Business focuses on four distinct moments of truth and examines how customer behavior unfolds and flourishes in the new world. What's the Future is more than just a business book. It takes readers on an uplifting "hero's journey" to help them bring about change from the inside out.

"The future city has to take a big lesson from nature and start behaving like an ecosystem." By that, he means zero-waste cities: Even the idea of waste is anathema to a working ecosystem.

More Innovative Future Business ideas Sperm Bank. Cybersecurity. CryoBank. Botox clinic and Body reconstruction services. App Development. Genetic research and engineering. Biotechnology. Alternative energy. Equity Financing ( Venture capitalism, Angel investing). Blood Bank.

To zero in on fields with plenty of jobs and good pay, start planning now. The pace of change in the business world is faster than ever these days, thanks largely to globalization and digital technology. One way to zero in on fields that will be hot in the future is to stay away from those that are not.
